Total Comprehensive Income for the period	2.56	(174.14)

During the financial year ended 31st March, 2021 the revenue from operations of the company increased from Rs. 353.07 Lac to Rs. 519.42 Lac with a growth of 47.12%. The profit before tax & exceptional items for the year under review stood at 2.56 Lac as against loss 19.55 Lac of the previous year. With the change in management of the company and also with the commencement of new business activities under the premium lifestyle brand "Swiss Military", the management of the your company is very optimistic to achieve sustainable growth in the coming years. Your company will continue to focus on building up the business with sustainability and future scalability potentials.

FUTURE OUTLOOK

The Company has already started business of lifestyle products under the brand "Swiss Military". Having said that, the pandemic also started reshaping behaviours of buyers. We saw that demand, when it started coming back, it came from essentials which are

value driven and more experiential. Accordingly, we have added following business verticals under the lifestyle products category.

- 1) Essentials under Apparel Category - Men's Innerwear
- 2) Essentials under Appliances Category - Brown Goods Appliances

Your company is actively developing, working and launching above essential consumer products under the brand "Swiss Military" in India on exclusive basis. These product categories under the brand "Swiss Military" have wide presence in the global markets and now being launched in India by your company on exclusive basis. Your Company already started development and production through approved global and domestic OEMs of brand Swiss Military. The product portfolio is being customized and priced according to the required market needs on the principal of an innovative product with world-class quality at an affordable price.

Men's Innerwear

The Innerwear Category is one of the high growth categories in the apparel market and promises growth and innovation. The higher income, along with higher discretionary spending, growing fashion orientation of consumers and product innovations by the innerwear market have turned innerwear from a traditionally utilitarian item to an essential fashion requirement.

The different sub-categories of men's innerwear include vests, briefs / boxers and sleepwear. Consumers mostly purchase branded products for vests and brief / boxers, which are the largest category offerings from leading innerwear brands.

The Indian innerwear market is shifting from a price sensitive market to a fashion quotient market. Accordingly, the Company is seeking to mark its presence in the premium segment with affordable luxury under the internationally renowned and celebrated brand "Swiss Military".

Home Appliances (Brown Goods)

The major products constituting the brown goods market are Mixers, Grinders, Irons, Microwave-Ovens, Rice Cookers, Pop-up Toasters, Induction Stove, Fans, Heaters, Kettles etc.

The branded brown goods market has expanded at a significant pace and is expected to retain the momentum into the future as well. While focus on price competency remains a key priority, players have also started focusing on other product features such as Design, Safety, IOT etc.

DIRECTORS' REPORT & MANAGEMENT DISCUSSION AND ANALYSIS

Over the years, changing perception of the consumer durable products from a luxury item to a necessity among the working population has led to the most Indian households increasing their purchase of the same. On the other hand, increasing aspiration level of the young and working population, desire to shift to better category or branded products. New product offering by various manufacturers coupled with easy finance availability and improvement in continuous power supply scenario in the country (especially rural India) is also likely to drive the sales volume for these categories.

The electrical appliances/brown goods industry, which had been focused on the urban market, is now reaching out to semi-urban and rural markets as well, because of the shift in living style of the population, increasing electrification of villages and relatively higher purchasing power of consumers. As the market penetrates into the core middle class segment in both urban and rural areas, it is expected to expand phenomenally, offering large volumes to the industry and here is scope for the company to make its mark with an international brand "Swiss Military" which is already well recognized brand in appliances category in international markets.

In addition to above business verticals, your company was continuously looking for a good profitable business field/model once kickstart & having great scalability in the future for sustainable growth. The new management of the company able to find this opportunity in the field of E-technology having profitability and future scalability both aside and that too in the essential category (the focal area of management) i.e.

RFID Technology E-Seal

RFID technology e-seal facilitating the port logistics automation and cargo tracking Digitalization / Integration in the supply chain. Companies increasingly using item-level Radio Frequency Identification (RFID) to trace and track the goods for inventory control purpose and also supply chain management. Tagging every single product, not only improves the visibility of goods transport in the entire supply chain processes but also helping to remove common problems like inventory shortages in the supply chain.

In the transport industry, RFID along with other innovations in Information and Communication Technology (ICT) is being utilized in identifying vehicles locations and containers which use e-seals. The use of RFID e-seal in seaport container terminal is growing notably. For the terminal operators, the

activities more influenced by this technology is the access control and the yard management.

Intangible benefits which are easily observed, but difficult to quantify. Some relevant intangible benefits are the automatic identification of the containers, less human errors, container visibility and traceability, enhanced security, the reduction of the illegal trade, and the reduction of the administrative costs.

Good practices of RFID technology application

There are a lot of RFID projects carried out across the container terminal around the world.

In India RFID e-seal used in transport from exporter hub to custom terminal with a preclearing customs procedure by integrated the logistics and Customs aspects as per government directives.

The application of RFID innovation in the above-mentioned projects resulted in not only more security and visibility of goods for both private and public operators but also in reduced transit time and dwell time at the various checking points. Furthermore, it provided the possibility to exploit the benefits of simplified Customs procedure.

Future Perspective

In the future, item-level RFID could play a larger role in the Internet of things because RFID tags could contain sensors capable of transmitting operational, location and situational data that could help improve manufacturing and supply chain operations. Governments should encourage research and analysis on the economic and social impacts of the use of RFID in conjunction with other technologies and systems. Because of continuous technical innovation and its impact on the economy and society, monitoring developments and detecting trends early are essential to identify new opportunities to be seized, new challenges to be addressed, and to adjust policies. Potential developments of RFID to be monitored include their combination with sensor-based systems, their cross-border use, the convergence of these technologies on the Internet, and their potential pervasiveness.

Indian Context and Role of Swiss Military Consumer Goods Ltd

Accordingly, seeing to the benefit as above, Indian Custom also implemented use of RFID E-Seal for self-sealing container by exporter and accordingly present market size is approx. 24,00,000 to 36,00,000 unit of RFID E-Seal yearly basis which will increase with the advent of new regulation for the ease of tracking of the container and its movement.

Seeing to the market size and future business potential one of the associate company of Promoters started a joint venture with one Chinese Partner (having requisite experience in making of RFID E-Seal for Indian Market) to ensure supply for the Indian Market and successfully running a profitable venture for the last 3 years.

As we believe in make in India and always thrive for import substitution, accordingly your company decided to amend its object clause in the Memorandum of Association and added the object of business of RFID technology and E-Seals.

Your company has successfully entered into an agreement with the local manufacturer for making the E-Seal on behalf of the company and with the dedicated effort able to upgrade capabilities of the local manufacture to a level that the E Seal has been duly approved by the competent authorities including custom.

Now company fully ready for next leap in the business of supplying RFID E-Seal (to all the local vendors procuring imported seal) in inorganic manner and ready to commence operation.

THREATS & CHALLENGES

The verticals that we flagged, require investments in its R&D, products and brand. We keep investing organically and inorganically in the above business verticals. At the same time, we're committed to continue to expand our margins. So, our view is these investments should not come at the cost of margin. But we should be able to deliver growth as well as margin.

Now, moving on from new business verticals, let's look at 2020-2021, which was a year of unprecedented challenges for the entire industry. The global pandemic, as we are all aware, had 100 million cases, 2 million deaths, and a complete shutdown across the globe and major job losses in the organized sectors.

We don't think anybody is in a position to give any prediction today in terms of visibility of the virus. The news definitely is that in India second wave is worse than thought off and now flattening of the curve happened with a clear downward trend of virus, the growth on the business verticals could be faster. And we think the faster completion of vaccine would be a key for the future growth. That is positive and we are reasonably optimistic that we will continue to see improvement in the company's business activities in coming quarters.

ECONOMIC SCENARIO

This has been an unprecedented year for all us in the world. India has once again come under severe pressure with a sharp increase in cases and restricted commercial/ business activities owing to the more infectious COVID-19 strains. The start of the vaccination drive in the country did initially lead to a momentary recovery, however, the resurgence of the virus and incidence of new mutants have brought in renewed market uncertainty and unpredictability. The contraction of commercial / business activity in 2020 of (3.3) percent was unprecedented in living memory in its speed and synchronized nature. Although difficult to pin down precisely, IMF estimates suggest that the contraction could have been three times as large if not for the extraordinary policy support. The contraction for 2020 is 1.1 percentage points smaller than projected in the October 2020 World Economic Outlook, reflecting the higher-than-expected growth outturns in the second half of the year for most regions after lockdowns were eased and as economies adapted to new ways of working.

Moving forward, the global economy is projected to grow at 6 percent in 2021, moderating to 4.4 percent in 2022. Much remains to be done to beat back the pandemic and avoid divergence in income per capita across economies and persistent increases in inequality within countries.

Future developments will depend on the path of the health crisis, including whether the new COVID-19 strains prove susceptible to vaccines or they prolong the pandemic; the effectiveness of policy actions to limit persistent economic damage (scarring); the evolution of financial conditions and commodity prices; and the adjustment capacity of the economy. The ebb and flow of these drivers and their interaction with country-specific characteristics will determine the pace of the recovery and the extent of medium-term scarring across countries.

Source: World Economic Outlook, IMF

The COVID-19 epidemic had a major impact on overall business and consumer sentiment globally. The global apparel market shrunk by 22%, coming down from US\$ 1,635 billion in 2019 to US\$ 1,280 billion in 2020. The consumption is expected to reach to pre-Covid levels over the next couple of years and then retrace its growth path to reach US\$ 2,007 billion by 2025.

The Indian economy was also negatively impacted by the crisis in 2020-21 with the highly contagious corona virus (COVID-19) spreading across the country. In

DIRECTORS' REPORT & MANAGEMENT DISCUSSION AND ANALYSIS

response to the pandemic, the government took several proactive preventive and mitigating measures starting with progressive tightening of international travel, issue of advisories for the members of the public, setting up quarantine facilities, contact tracing of persons infected by the virus and various social distancing measures. The government imposed a strict 21 days nationwide lockdown from March 25, 2020, under the Disaster Management Act, 2005, with subsequent extensions and relaxations, to contain the spread of COVID-19 while ramping up the health infrastructure in the country. The lockdown measures, imposed to contain the spread of Covid-19 pandemic in India, ubiquitously affected employment, business, trade, manufacturing, and services activities. The real Gross Domestic Product (GDP) growth is projected to contract by 7.7 percent in 2020-21 as compared to a growth of 4.2 percent in 2019-20. GDP growth, however, is expected to rebound strongly in 2021- 22 owing to the reform measures undertaken by the Government.

INDUSTRY STRUCTURE AND DEVELOPMENT

Our business verticals under lifestyle category be it innerwear, appliances and consumer electronics industry is expected to see acceleration in growth on account of surging rural consumption, increasing penetration of retail, growing middle class, increasing number of nuclear families, a wide choice of brands and products at various price points. Feature-rich products offering ease of use and improved aesthetics will drive premiumisation in this segment.

The appliance business has doubled in the last three years and your Company will continue to build on this momentum by strengthening its core categories and developing full range of kitchen appliances. The focus would remain on offering premium features and smart technology at affordable pricing.

The Indian innerwear market is currently estimated at Rs. 32,000 crore, accounting for 9% of the total domestic fashion retail market. Most Indian brands are largely in the mid-to-economy segment, catering to the masses. There are more than 1 lakh MBOs (multi-brand outlets) across India, which account for over 60% of the total sales of undergarments, while the rest take place through modern trade formats like malls or online portals.

The premium and mid-price segments are expected to witness a higher growth rate within this market. In these segments, the consumer seeks higher fashion orientation and higher comfort, as well as a strong brand name. The younger consumers in the metros

engage with brands primarily within the mid-price and premium segment and these are the target consumers for its international as well as domestic line of product range under this category.

INDEPENDENT AUDITOR'S REPORT

Unique Document Identification Number (UDIN) for this document is **21089895AAAAJT5101**

To the Members of

SWISS MILITARY CONSUMER GOODS LIMITED
(Erstwhile Known as Network Limited)

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **SWISS MILITARY CONSUMER GOODS LIMITED (Erstwhile Known as Network Limited)** ("the Company"), which comprise the Balance Sheet as at 31st March 2021, the Statement of Profit and Loss & the Cash Flow Statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the **Companies Act, 2013** in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its **Profit & cash flows** for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our

audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of Key Audit Matters as per SA-701; Key Audit Matters are properly complied in our audit.

Information Other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the financial statements and our report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

It based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance & the Cash Flow Statement of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and

INDEPENDENT AUDITOR'S REPORT

presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercised professional judgment and maintain professional skepticism throughout the audit. We also:

- Identified and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation override of internal control.
- Obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in

place and the operating effectiveness of such controls

- Evaluated the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Concluded on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluated the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicated with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provided those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determined those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We described these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determined that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

INDEPENDENT AUDITOR'S REPORT

Report on Other Legal and Regulatory Requirements

**“Annexure B” to the Independent Auditor’s Report
of even date on the Financial Statements of SWISS
MILITARY CONSUMER GOODS LIMITED
(Erstwhile Known as Network Limited)**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the Internal Financial Controls over financial reporting of **SWISS MILITARY CONSUMER GOODS LIMITED (Erstwhile Known as Network Limited)** as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining Internal Financial Controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India”. These responsibilities include the design, implementation and

maintenance of adequate Internal Financial Controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s Internal Financial Controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance

Note on Audit of Internal Financial Controls Over Financial Reporting and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of Internal Financial Controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls system over financial reporting and their operating effectiveness. Our audit of Internal Financial Controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s Internal Financial Controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s Internal Financial Control over financial reporting is a process designed to provide reasonable

SWISS
MILITARY

INDEPENDENT AUDITOR'S REPORT

assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of Internal Financial Controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also,

projections of any evaluation of the Internal Financial Controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate Internal Financial Controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note - 1 GENERAL INFORMATION

Swiss Military Consumer Goods Limited ('the Company') is a Public Limited Company incorporated in India with its registered office at W-39, Okhla Industrial Area, New Delhi - 110020. Its shares are listed at BSE Ltd.

The company engaged in trading and marketing of various lifestyle products such as travel gear, baggage, leather accessories, sunglasses, electronics, protective masks and other related products under the brand "SWISS MILITARY". And also Trading in capital Market in Future & Options and Cash segment.

Note - 2 SIGNIFICANT ACCOUNTING POLICIES

(A) BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements of the company have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules 2015 as amended from time to time by the Ministry of Corporate Affairs (MCA), the provisions of Companies Act, 2013, and guidelines issued by the Securities and Exchange Board of India (SEBI). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. Financial statements of the company are prepared under the historical cost convention except for the certain financial assets and liabilities measured at fair value as mentioned in applicable accounting policies.

(B) USE OF ESTIMATES AND JUDGEMENTS

The preparation of the financial statements is in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. The estimates and underlying assumptions are reviewed on going concern basis.

(C) REVENUE RECOGNITION

Revenue is measured at the fair value of the consideration received or receivable. Revenue is generally accounted on accrual or as they are earned or incurred except in case of significant uncertainty. Revenue from trading and marketing of various lifestyle products such as travel gear, baggage, leather accessories, sunglasses, electronics, protective masks and other related products under the brand "SWISS MILITARY". And also Trading in capital Market in Future & Options and Cash segment.

(D) OTHER INCOME

Dividend income is recognised when the right to receive the payment is established. Interest is recognised using the effective interest rate (EIR) method

(E) EXPENDITURE

Expenses are accounted for on accrual basis.

(F) PROPERTY, PLANT AND EQUIPMENT (PPE)

Property, plant and equipment are stated at cost less accumulated depreciation. The cost of assets comprises of purchase price and directly attributable cost of bringing the assets to working condition. After the initial recognition the property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in the statement of profit or loss.

(G) DEPRECIATION

Depreciation on Property, plant and equipment has been provided on straight line method (S.L.M.) on pro-rata basis at the rates and in the manner specified in Schedule II of the Companies Act, 2013.

(H) INVENTORIES

Inventories are valued at cost or Net Realizable Value, whichever is less on FIFO method. Cost includes purchase price, taxes and other incidental expenses, wherever applicable.

(I) FINANCIAL INSTRUMENTS

Initial Recognition:

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables/payables and where cost of generation of fair value exceeds benefits, which are initially measured at transaction price. Transaction costs directly related to the acquisition or issue of the financial assets and financial liabilities (other than financial assets and financial liabilities through profit & loss account) are added to or deducted from the cost of financial assets or financial liabilities. Transaction cost directly attributed to the acquisition of financial assets or financial liabilities at fair value through profit & loss account are recognized immediately in the statement of profit & loss.

Subsequent Recognition:

Non-derivative financial instruments

- i). **Financial assets carried at amortized cost:** A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- ii). **Financial assets at fair value through other comprehensive income:** A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments (all being not held for trading), to present the subsequent changes in fair value in other comprehensive income based on its business model.
- iii). **Financial assets at fair value through profit or loss:** A financial asset which is not classified in any of the above categories (including investment in units of mutual funds) is subsequently fair valued through profit or loss.
- iv). **Financial liabilities:** Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

J) FINANCIAL LIABILITIES

Financial liabilities are initially recognized at the fair value of the consideration received less directly attributable transaction cost. Subsequent to initial measurement, financial liabilities are measured at amortized cost. The difference in the initial carrying amount of the financial liabilities and their redemption value is recognized in the statement of profit & loss over the contractual term using the effective interest rate method. This category includes the following class of liabilities; trade and other payables, borrowing; and other financial liabilities. Financial liabilities are further classified as current and non-current depending whether they are payable within 12 months from the balance date or beyond. Financial liabilities are derecognized when the company is discharged from its obligation; they expire, are cancelled or replaced by a new liability with substantial modified terms.

K) EARNING PER SHARE

Basic Earning per share is computed using Weighted Average Number of Equity Share Outstanding during the year. Diluted Earning per share is computed using weighted Average Number of Equity and Dilutive Equity equivalent share outstanding during the year end.

L) TAX ON INCOME

Current tax are measured at the amounts expected to be paid using the applicable tax rates and tax laws. Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the profit & loss account in the year of change. Deferred tax assets and deferred tax liabilities are recognized for the future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases and operating loss carry forwards.

M) INVESTMENTS

Investments are stated at cost less diminution in value of such investment as per the available financial statements.

N) IMPAIRMENT

Financial Assets (Other than at Fair Value):

The company assesses at each balance sheet date whether a financial assets or a group of financial assets is impaired in compliance of Ind AS 109

Non Financial Assets :

If internal/external indication suggest that an asset of the company may be impaired, the recoverable amount of the asset is determined on the balance sheet date and if it is less than its carrying amount, the carrying amount of asset is reduced to the said recoverable amount. The recoverable amount is measured as the higher of the fair value less cost of disposal and value of use of such asset which is determined by the present value of the estimated future cash flows.

Assessment is also done at each balance sheet date as to whether there is any indication that the impairment loss recognized in prior period may no longer exist or may be decreased, a reversal of an impairment loss for an asset is recognized in the Statement of Profit and Loss.

O) PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

A provision is recognized, if as a result of past event the company has present legal or constructive obligations that is reasonably estimable and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pretax rate that reflects current market assessments of the time value of money and the risk specific to liability. Contingent liabilities are disclosed for possible obligations arising out of uncertain events not wholly in control of the company. Contingent assets are not recognized in the financial statements. However due disclosures are made in the financial statements for the contingent assets, where economic benefits is probable and amount can be estimated reliably.

P) TRADE & OTHER PAYABLES

These amounts represent liabilities for services received by the company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortized cost using the effective interest method.

Q) SEGMENT REPORTING

The Company is primarily engaged in trading of various lifestyle products such as travel gear, baggage, leather accessories, sunglasses, electronics, protective masks and other related products under the brand swiss military and also securities. Since this segment meets the aggregation criteria as per the requirements of Ind AS 108 on 'Operating segments', the management considers this as a single reportable segment. Accordingly, disclosure of segment information has not been furnished.
